## Full Stack Developer

hemanthraaj31@gmail.com | +91 9962644103

With over 3.5 years of hands-on expertise, skilled in creating impactful solutions for websites, adept at problem resolution, and committed to enhancing the vibrancy of the digital landscape.

## Professional Experience

### Full-stack Web Developer

#### @ Factana Computing Private Limited

October 2021 - Present

- Built serverless proxy APIs which acts as a middleware for client's API and Twilio IVR.
- Developed backend service for each client's program using Node.js and converted as microservices which is deployed in different ports and made it work independently.
- Implemented and maintained PCI compliance measures for the organization, ensuring adherence to security protocols and regulatory requirements.
- Developed custom React plugins in the agent facing interface of Twilio which helped to track call of the customers.

### Software developer @ Prviga Solution Pvt Ltd

July 2020 - Sept 2021

- Wrote server-side and client-side code for a product named 'Widuni' using PHP, HTML, CSS, JavaScript, JQuery, and MySQL.
- Handled forms and data reports in various aspects of client requirements using the D3.js for graphical representation.
- Worked on client's project in building e-commerce website using Node and React using React class based components
